PRODUCT DETAILS

Bigger Isn't Better

These compact little marvels are ready for life's adventures with a 50% smaller case and 30% smaller earbuds than the GO Air POP – and the smallest of any major headphone brand.

CONNECT TO MULTIPLE DEVICES

With Bluetooth Multipoint you enjoy the versatility of transitioning seamlessly from device to device. Hop from podcast on your computer to a call on your mobile. You can connect simultaneously to two devices – mobile, laptop and/or computer.

PLENTY OF PLAYTIME

Enjoy 5.5 hours of playtime in each earbud or 20 total hours with the charging case for an all-day listening experience where size doesn't compromise performance.

JLAB APP

With the new JLab App, you'll have control to customize the Be Aware setting to let outside noise in, touch controls, and sound to your personal preference – or use the presets for JLab Signature, Balance or Bass Boost. Safe hearing option allows you to protect your ears from hearing damage with volume limits. Plus get software updates for your product right when they're available. Available on the Google Play Store or Apple.

SAFE LISTENING

Hear your surroundings while you run or walk for safe listening with Be Aware Audio. Turn on when you want to let ambient noise in or off to zone out with just your music. Designed for you, the JBuds Mini allows road noise in or lets you converse while still listening to your headphones.

EVERYDAY PROOF IP55

You want an earbud that can keep up with you. The JBuds Mini are sweat and dustproof for your life on-the-go with an IP55 rating. That's durability for all life's adventures.

CLEAR CALLS

Whether you're in a busy office or a noisy city street, the JBuds Mini noise-canceling mic ensures crystal clear calls. The MEMS mic in each bud helps eliminate background noise, ensuring that your voice is heard loud and clear on the other end. Use either earbud independently or use both together.
