

JLab Pop Party Speaker, Mulberry

255591

Pop. Play. Party! Designed for ultimate portability, the Pop Party Speaker cranks up the fun anytime, anywhere. With flexible mounting options, built-in magnets, and a detachable loop handle, it’s made for seamless portability and quick setup. Its compact design is perfect for any adventure, while vibrant RGB lighting sets the perfect vibe. IPX5 waterproofing ensures the party continues, rain or shine, and the JLab app gives you full control over sound and lighting. Plus, with LabSync, you can connect up to 100 speakers for an unforgettable experience.

Colour

PRODUCT DETAILS

Pop. Play. Party! Anywhere.
Immersive Lab Quality Sound
Don’t let the size fool you. The Pop Party Speaker delivers bold, clear audio through its 2-inch full range driver and 2-inch passive woofer. With 5W of power and 8 plus hours of playtime or 5 plus hours with RGB lighting, your playlists stay loud and lively no matter where the adventure takes you.

Party Lights
Add color to your music with vibrant RGB lighting. Use the JLab App to customize the light color, patterns, and frequency to match the moment. Whether you’re jamming solo or lighting up the night with friends, Pop Party sets the vibe.

LabSync : Your Ultimate Party Sync
Ready to turn your home into a sonic playground? LabSync lets you sync the sound and lights for up to 100 JLab Party speakers, transforming every room into a party zone. Imagine a symphony of sound, perfectly synchronized, filling your home with electrifying beats. No more missing a moment, no matter where you are. With LabSync, your party knows no bounds.

LabSync Stereo Pairing
LabSync offers an advanced feature to upgrade your audio experience. Designate any JLab Party speaker as left or right channels through the app to create a powerful 2-channel stereo system for a bigger sound stage and immersive listening experience. You'll enjoy dimensional audio that puts instruments and singers where they belong, transforming everything from house parties to movie nights with rich, balanced sound that fills your space.

Pop Party Everywhere
The Pop Party Speaker is built for real-world fun. With an IPX5 waterproof rating and flexible mounting options including built-in magnets and a detachable loop handle, it’s easy to take the party anywhere, rain or shine. From poolside hangs to trail adventures, Pop Party keeps the music playing.

Customize Your Sound + Experience via JLab App
With the JLab App, customize the RGB lighting, controls, and sound to your personal preference - or use the EQ4 presets for JLab Signature, Balance or Bass Boost. Plus, get software updates for your product right when they're available.
