PRODUCT DETAILS

Industry-Leading Cleaning Power

The Pilot X1 stands out with its impressive 1260 GPH (4800 LPH) suction power, collecting more debris and water in a shorter amount of time compared to competitors. It features a Level-1 (470m) filter and a Level-2 (5-20m) filter, improving filtration efficiency significantly. The additional secondary filter increases cleaning results, making it easier for you to maintain a clean pool. Ideal for all types of pools, it eliminates the need for extra cleaning tools, saving you time and effort. Two extra secondary filters come included, boosting overall cost efficiency and ensuring you get more value from your purchase.

Full-Angle Cleaning

The Pilot X1 offers a full-angle cleaning solution with a remarkable cleaning depth range of 0.2m (8in.) to 2.5m (8ft. 2in.), making it effective for both shallow and deep pools. Its flexible suction head and universal hinge provide seamless access to hard-to-reach areas like pool steps, drain outlets, and water loungers. The rotating suction head ensures comprehensive cleaning coverage, leaving no corner untouched. Whether it's the first layer of pool steps or intricate drain gaps, the Pilot X1 handles it all effortlessly. Its versatile design ensures a spotless pool, solving the challenges of cleaning difficult areas and ensuring superior cleanliness.

Flexible and Lightweight

The Pilot X1's lightweight design (only 3.3kg [7lbs]) makes pool cleaning effortless and efficient. Its slim, ergonomic body ensures easy handling, and the extension rod allows users to clean areas up to 2.5m (8 ft. 2in.) deep without strain. The unique flexible suction head enables smooth movement in any direction, allowing users to tackle all pool areas—corners, edges, and even deep-water zones—without difficulty. Unlike competitors, the Pilot X1's bidirectional suction design eliminates the need for constant adjustment, ensuring thorough cleaning in one go. This user-friendly, elegant control system maximizes convenience, offering a seamless and efficient cleaning experience.

Easy Maintenance

Maintaining the Pilot X1 is a breeze, thanks to its user-friendly design. The side-pull dustbin lets you remove and empty debris without making a mess or getting your hands dirty. With a generous 1L debris capacity, the need for frequent emptying is minimized, allowing you to focus on enjoying your pool. The compact dustbin system also ensures the debris stays contained, preventing spills. For added convenience, the Pilot X1 offers wall-mounted storage to keep the machine and accessories neatly organized. This thoughtful design simplifies pool cleaning and ensures a clean and tidy storage solution.

Ultra-Long Battery Life

The Pilot X1 delivers a remarkable 45-minute battery life, easily covering multiple pool sections in a single cleaning session. With its high-efficiency suction power and effortless operation, you'll enjoy extended cleaning sessions without constant recharging. In fact, the battery lasts long enough for multiple cleanings, even across several weeks. The Pilot X1 is designed for maximum efficiency, so you'll spend more time enjoying your pool and less time charging—only needing a quick 2.5-hour recharge when it's time to power up again.

Package Contents

- Pool Vacuum × 1
- Extension Pole × 1
- Charger × 1
- Wall-Mounted Holder × 1
- User Manual × 1
