# Aiper Scuba X1 Pro Cordless Robotic Pool Cleaner

254506

The Scuba X1 Pro utilizes OmniSense+™ ultrasonic technology for autonomous pool mapping and navigation, ensuring complete coverage and obstacle avoidance. Its WaveLine™ 2.0 waterline cleaning and adaptive cleaning modes, powered by a 25,200 LPH suction capacity, deliver thorough and efficient cleaning. The superior dual filtration system, featuring a 180µm basket and 3µm MicroMesh™ filter, guarantees exceptional water clarity, while app-based control and system integration enhance user convenience.

## PRODUCT DETAILS

### Intelligent Pool Navigation and Mapping

The Scuba X1 Pro employs OmniSense+™ ultrasonic technology to autonomously map and navigate your pool. This system optimizes cleaning routes, ensuring complete coverage while circumventing obstacles, thereby minimizing manual intervention. FlexiPath™ Smart Adaptive Path Planning dynamically adjusts to the pool's geometry, including walls, ladders, and varying depths, guaranteeing thorough and consistent cleaning.

### High-Performance Waterline and Adaptive Cleaning

Equipped with WaveLine™ 2.0 horizontal waterline cleaning, the Scuba X1 Pro delivers a robust 25,200 LPH suction capacity, effectively eliminating stubborn waterline debris. The unit offers a comprehensive suite of 5+3 adaptive cleaning modes, tailored to provide deep, efficient cleaning according to specific pool requirements.

### Superior Dual Filtration System

The Scuba X1 Pro features a dual filtration system designed to achieve exceptional water clarity. This system integrates a 180µm filter basket for larger debris and a 3µm replaceable MicroMesh™ ultra-fine filter for capturing microscopic particles, ensuring a pristine pool environment.

### Enhanced Control and System Integration

The Quad-Core Intelligent Chip optimizes cleaning patterns, maximizing efficiency. App-based monitoring and control provide seamless management of cleaning modes and performance. The Scuba X1 Pro is engineered for compatibility with diverse pool designs and conditions, and integrates seamlessly with the Aiper HydroComm Pro and Aiper Charging Caddy, enhancing operational

convenience.

## What's in the box?

- Aiper Scuba X1 Pro
- Charger
- Charging Dock
- Retrieval Hook
- Extra 3m Replaceable MicroMesh™ Ultra-fine Filter
- User Manual

## Specs

### Product Attributes

EAN:	6977676340065
Manufacturer number:	T1-PRO-GRY-EU
Product weight:	11.0 kilograms

### Technical specifications

Pool types:	In-ground
Pool floor types:	Concrete Fiberglass Vinyl Tiles
Pool size:	200m <sup>2</sup> (max 20m in length)
Flow rate:	420 LPM
Filter fineness:	180 µm (Primary) 3 µm (Secondary)
Filter capacity:	5
Max diving depth:	3
Operation temperature:	10-40
Battery life:	Up to 180 minutes
Battery type:	21.6V 10400mAh (224.64Wh) battery
Charging time (0 - 100%):	5
IP classification:	IPX8
Compatible with:	Aiper Caddy, Aiper HydroComm
App-controlled:	true

### Dimensions and Weight

Product height:	24.5
Product width:	42
Product length:	48.7
Product weight:	11

### Energy Management

Input voltage:

100-240
