Aiper Scuba X1 Pro Max Cordless Robotic Pool Cleaner

254502

The Scuba X1 Pro Max, a powerful robotic pool cleaner, delivers exceptional performance with 32,000 LPH suction and 5+3 cleaning modes, ensuring thorough cleaning from waterline to floor. Featuring smart pool navigation with FlexiPath™ 2.0 and OmniSense+™ 3D mapping, this automatic pool cleaner optimizes routes and avoids obstacles, while its dual filtration system with a 3µm MicroMesh™ filter guarantees crystal-clear pool water. This advanced pool cleaning robot offers extended battery life, app control, and compatibility with HydroComm Pro, making it the ultimate solution for effortless pool maintenance.

PRODUCT DETAILS

Exceptional Power and Uncompromising Performance

The Scuba X1 Pro Max is engineered for those who demand the highest standards of pool cleanliness. Driven by nine high-efficiency motors, it delivers exceptional maneuverability and an industry-leading 32,000 LPH suction capacity, ensuring thorough debris removal. With a versatile suite of 5+3 adaptive cleaning modes, every surface—from waterline to floor—is meticulously cleaned. Enjoy extended operational periods with a robust battery that provides up to 10 hours of surface cleaning and 5 hours of floor cleaning, all easily managed via an intuitive mobile application.

Intelligent Navigation and Adaptive Cleaning Technology

Experience the future of pool maintenance with the Scuba X1 Pro Max's advanced navigation system. Featuring FlexiPath™ 2.0, the world's first intelligent path planning, the robot dynamically adapts its cleaning route for optimal coverage. OmniSense+™ 2.0 ultrasonic 3D mapping ensures precise navigation, avoiding obstacles and maximizing efficiency. The optional HydroComm Pro underwater communication system further enhances control, while the agile TVC Engine ensures seamless movement across diverse pool surfaces.

Superior Filtration for Pristine Water Quality

Achieve unparalleled water clarity with the Scuba X1 Pro Max's dual filtration system. A 180µm filter basket effectively captures larger debris, while the 3µm replaceable MicroMesh™ filter removes even the finest particles, ensuring a consistently sparkling pool. This sophisticated filtration system provides a noticeably cleaner and more inviting swimming environment.

Comprehensive Package and Streamlined Operation

The Scuba X1 Pro Max includes everything needed for effortless pool maintenance. A wireless charging station provides convenient recharging, and a retrieval hook simplifies handling. An additional 3µm MicroMesh™ filter is included for sustained performance. For enhanced functionality, the system is compatible with the optional Aiper HydroComm Pro and Charging Caddy, providing a seamlessly integrated and highly efficient pool cleaning solution.

What's in the box?

- Aiper Scuba X1 Pro
- Charger
- Charging Dock
- Retrieval Hook
- Extra 3m Replaceable MicroMesh™ Ultra-fine Filter
- User Manual

Specs

Product Attributes

EAN:	6977676340072
Manufacturer number:	X9-GRY-EU
Product weight:	15.0 kilograms

Technical specifications

Pool types:	In-ground
Pool floor types:	Concrete Fiberglass Vinyl Tiles Stones
Pool size:	300m ² (max 30m in length)
Flow rate:	533 LPM
Filter fineness:	180 µm (Primary) 3 µm (Secondary)
Filter capacity:	5
Max diving depth:	3
Operation temperature:	10-40
Battery life:	Up to 300 minutes (Floor)
Battery type:	25.2V 10400mAh (262.08Wh) Battery
Charging time (0 - 100%):	4
IP classification:	IPX8
Compatible with:	Aiper Caddy, Aiper HydroComm
App-controlled:	true

Dimensions and Weight

Product height:	41
-----------------	----

Product width: 42.8

Product length: 50

Product weight: 15

Energy Management

Input voltage: 100-240
