How it works

Our Fabric Spray offers a quick and easy way to refresh your clothes between washes. This allows you to save valuable time and energy and avoid unnecessary wear and tear caused by the washing machine. The unique formula neutralizes odors and reduces static while also adding a fresh scent to help emulate the feeling of clean laundry.

Keep the 500 ml bottle close at hand in your home to mist your garments, bedding, and curtains with a comforting sandalwood scent. If you're looking to freshen up your space, consider using it as a room spray.
