PRODUCT DETAILS

How it works

The unique formula traps and absorbs odor molecules and helps increase the sweat transportation in sportswear and synthetic clothes. It's also ideal for washing other odor-prone items like swimwear, towels, and bedding. Using natural ingredients, it targets dirt, stains, and bacteria at temperatures as low as 30°C. Washing at lower temperatures prolongs the lifespan of your clothes and saves water and energy.

Features

- Scented with citrus and cedar
