Style

LED THERMOSTAT, **MECHANICAL THERMOSTAT**

PRODUCT DETAILS

The stylish heater has soft, rounded edges and gently curved sides, and the black middle part underlines the slim, elegant design. The Mill Instant is highly efficient and starts heating immediately from the second you turn it on. The heater is perfect as an additional heat source on those extra chilly days, and it can be easily moved when needed. This model has an integrated fan for increased heat distribution in the room.
