## Aiper Pilot H2 Handheld pool vacuum

252974

Effortlessly tackle any pool cleaning task with the handheld Aiper Pilot H2. Boasting a powerful motor and up to 70 minutes of operation with a quick 2-hour charge. Boasting dual cleaning modes, you can use the standard 80 LPM mode for regular cleaning or the Power mode for 110 LPM with improved suction, filtration and cleaning performance. Compatible with standard pool poles and featuring an easily removable filter canister, it is a breeze to use for almost any pool.

### PRODUCT DETAILS

#### Powerful Performance

A powerful motor and a streamlined internal structure improve water flow, suction power and cleaning performance. The Aiper Pilot H2 effortlessly collects dirt, sand, leaves and other debris. Ideal for above ground pools, pool steps, inflatable pools and the problematic corners of pools, the Pilot H2 is the most versatile pool cleaning solution.

#### Two Cleaning Modes

As no two cleaning tasks are the same, the Pilot H2 has two cleaning modes. Standard mode: 80 LPM, or for more demanding cleaning tasks - Power mode: 110 LPM with improved suction, filtration and cleaning performance. All this makes the Pilot H2 a great companion for any Aiper cordless pool robot.

#### Improved Battery Life

The Pilot H2 is fully charged in just two hours and offers up to 70 minutes of maximum cleaning efficiency.

#### Filter Canister

The 1-litre filter canister is easy to remove and clean, making maintenance and storage child's play.

#### Charging Dock

The stylish charging cradle makes charging and storing your Aiper Pilot H2 easier and keeps it organised at the same time.

#### LED Indicator

The Aiper Pilot H2 communicates the status of the appliance via a 4-colour LED display so that you always have an overview when cleaning.

Dual Vacuum Heads  
With a straight suction head and a suction head with a brush tip, the Pilot H2 can clean more surfaces and areas of your pool than before.

Compatible with Standard Pool Poles  
Simply pair the Aiper Pilot H2 with a standard pool pole to get an extended reach and clean more of your pool without getting yourself wet.

Comfortably Quiet  
The Aiper Pilot H2, which is less than 50 dB loud, maintains the peace and quiet of your oasis without disturbing, loud noises.
