Aiper Seagull Pro Cordless Pool cleaning robot

252966

Discover the Aiper Seagull Pro, a cordless robotic pool cleaner that redefines power with its quad-motor system, pumping up to 130GPM. World's first to integrate dual draining and suction motors, it offers unparalleled cleaning. With WavePath™ Navigation Technology, expect comprehensive cleaning of your pool floor, walls, and waterline. Benefit from a 150-minute runtime, rapid water release, auto-parking, and a clear LED status indicator. Perfect for pools up to 150 m². Package includes the Seagull Pro, charger, retrieval hook, and user manual. Say goodbye to manual labor and hello to advanced pool care.

PRODUCT DETAILS

Cordless

Eliminate the hassle of tangled cords and create a safer environment with the Seagull Pro.

Quad-Motor System

This is the world's first implementation of a dual draining motor and a dual suction motor being applied to a cordless robotic pool cleaner. The Seagull Pro pumps up to 130GPM and is the most powerful cordless robotic pool cleaner on the market.

WavePath™ Navigation Technology

Equipped with industry-leading path planning technology, Aiper ensures complete coverage and an amazing clean for your pool's floor, walls, and waterline.

Wall Cleaning Capability

Thanks to its powerful motors, the Seagull Pro can tackle more than just your pool floor but also cleans your pool walls and waterline. Roller brushes enables better cleaning ability on pool floor and wall.

Improved Battery System

The built-in rechargeable battery provides up to 150 Mins of cleaning and takes 3-4 hours to fully charge.

Rapid Water Release

A sophisticated water release system clears your device of water in seconds so that you can clean up

and charge up in minutes.

Auto-Parking

The Seagull Pro automatically parks near your pool's wall after completing a cleaning cycle or when the battery is low.

LED Indicator

The beautifully designed indicator communicates the unit’s status so you’re always on top of your cleaning game.

Recommended Pool Size

This unit is ideal for pools up to 150 m².
