### PRODUCT DETAILS

Say hello to any Ice Cream Lover's new best friend - The Solo Scoops Ice Cream Maker! Designed to deliver perfect portions every time, creating the equivalent of one tub of ice cream in just 25minutes – it's ideal for personal indulgence without any waste, or up to 8 scoops, making it great for adding a delicious homemade touch to your desserts. Whether you're making a quick treat for yourself or enhancing your favourite pudding, the Solo Scoops Ice Cream Maker ensures fresh, homemade ice cream every time! Simply freeze the bowl overnight, add your ingredients, and let the fully automatic machine churn to perfection.

Customisation of flavours could not be easier, with large ingredient funnel to add your favourite mix-ins whilst churning. From chocolate chips, nuts, or fruit, you can craft unique flavours for the ultimate personalised dessert experience. No need to settle for shop bought options; Solo Scoops makes it simple to create exactly what you're craving!

With just the touch of a button, Solo Scoops turns your ingredients into creamy, delicious ice cream in less than 25 minutes, with the one-touch ON/OFF operation making it easy for any age!

And you don't need to stop at Ice Cream – you can use Solo Scoop for making frozen yogurt, sorbet, gelato, and other frozen treats too. Whether you're accommodating dietary needs or experimenting with new flavours, create a variety of frozen delights with ease, all tailored to your preferences.

Only have a small freezer? No problem! The 475ml churning bowl provides the ideal capacity for making small batches, so you to enjoy fresh ice cream whenever you want without taking up valuable freezer space, and its cord wrap and stackable lid keeps everything neat and organised on the kitchen counter or cupboard. Plus, cleanup is a breeze—the detachable motor, lid, and paddle are all easy to remove, and the paddle and lid are dishwasher-safe, ensuring a hassle-free experience from start to finish.
