

GoPro Media Mod HERO9/10/11/12 Black

248830

Medium Turn your HERO9 Black into a production powerhouse. Media Mod features a built-in directional mic with wind-suppression, 3.5mm mic port, HDMI-out, two cold-shoe mounts and tough weather-resistant construction.

Style **HERO9**

PRODUCT DETAILS

Designed for vlogging, live streaming and near limitless expansion—Media Mod transforms HERO9 Black into a production powerhouse. It features a built-in directional mic for enhanced voice capture, 3.5mm mic port, HDMI-out for playback on external monitors, plus two cold-shoe mounts for lights, LCD screens or additional mics. Built tough and weather-resistant, even the wind is no match for this mod. The removable foam mic cover suppresses wind gust up to 32 km/h.

Media Mod is not waterproof and is not made for underwater use.

Features

- Built-in directional mic highlights voice audio and reduces ambient noise
- Tough, weather-resistant construction withstands the elements
- 2 cold-shoe mounts to attach your favorite lights, mics or LCD screens
- 3.5mm mic port lets you add an external mic for enhanced audio
- HDMI-out port to monitor or play back your footage
- Unique and compact wraparound design adds portable expandability and ensures mounting remains easy
- Designed for use with GoPro Light Mod and Display Mod, plus third-party accessories

What's Included

- Media Mod for HERO9 Black
- Removable Windscreen
- Vertical Mounting Buckle
