Polaroid Studio Single Photo Frame, Black

254891

Polaroid UV-Protective Photo Frame – Single Protect your memories from fading figuratively and literally. Made with a material resistant to natural light, the chemistry in your pictures will last a long time. Showcasing one full-frame Polaroid picture, curate a story, and display your artwork in this floating minimalist style – today and for years to come.

PRODUCT DETAILS

Transform your cherished Polaroid moments into a captivating visual display

with the Polaroid Studio Single Frame in elegant black. Beyond its aesthetic appeal, this frame prioritizes preservation. The 93% UV-protective acrylic "glass" acts as a shield, guarding your precious images against the relentless effects of fading, ensuring their vibrancy endures.

Key Features:

- A Moment Suspended: The innovative "floating" design creates a sense of depth and intrigue, drawing the eye to the photograph.
- Unwavering Protection: The UV-protective acrylic ensures your memories remain as vivid as the day they were captured.
- Effortless Elegance: The sleek black PU frame exudes a timeless sophistication, complementing any interior style.
- Seamless Integration: Compatible with i-Type, 600, and SX-70 film, this frame accommodates your diverse Polaroid collection.
- Intuitive Design: The wooden jigsaw slot system and reusable adhesive tape make photo placement and changes a simple, refined process.
- Perfect Proportions: The frame's dimensions (160mm x 180mm x 30mm) strike a balance between presence and subtlety.
