Polaroid Studio Triptych Photo Frame, Black

254892

Polaroid UV-Protective Photo Frame – Triple Protect your memories from fading both figuratively and literally. Made with a material resistant to natural light, the chemistry in your pictures will last a long time. Holding three full frame Polaroid pictures, curate and display your artwork in this floating minimalist style – today and for years to come.

PRODUCT DETAILS

Tell a visual story with the Polaroid Studio Triptych Frame

This isn't just a frame; it's a curated display for three of your favorite Polaroids, designed to make them float elegantly against the sleek black backdrop. Imagine your cherished memories, lined up beautifully, creating a stunning focal point in any room.

Worried about your photos fading? Don't be. This frame features 93% UV-protective acrylic "glass," ensuring your snapshots stay vibrant and true to life for years to come. Plus, swapping out pictures is a breeze, thanks to the clever wooden jigsaw slots and reusable adhesive tape.

Key Features:

- Triptych Magic: Display three Polaroids in a row for a dramatic, storytelling effect.
- Floating Elegance: The "floating" design adds a modern, sophisticated touch.
- UV Protection: Keeps your precious Polaroids looking their best, preventing fading.
- Effortless Photo Changes: The wooden jigsaw slots and reusable adhesive make swapping photos simple.
- Versatile Compatibility: Works with i-Type, 600, and SX-70 film.
- Sleek Black Finish: Complements any décor, adding a touch of contemporary style.
- Perfect Dimensions: At 375mm x 180mm x 30mm, it's a statement piece without being overwhelming.
