

HOVERAir

HOVERAir AQUA Smart Battery

256613

Keep the adventure going with a spare battery built for life on the water. When installed on AQUA, the battery is fully waterproof, so you can take off, land, and keep flying in wet conditions with confidence. A dedicated Waterproof Battery Bag makes it easy to carry and swap batteries around water. Just be sure to keep the connectors dry during installation and removal.

PRODUCT DETAILS

- Built for Water: When installed on AQUA, the battery is fully waterproof for takeoffs, landings, and use on the water. A dedicated Waterproof Battery Bag makes it easy to carry and swap batteries in wet environments. Keep connectors dry during installation and removal.
- More Time to Fly: With a 2013 mAh capacity, each battery delivers up to 23 minutes of flight time, so you can stay out longer and capture more.
- Smart Protection Built In: An intelligent battery management system helps support battery health over time, with protection against overcharging, over-discharging, short circuits, and self-discharge during storage.
- Charging: Using the Charging Hub with a 65W power adapter, one battery charges fully in 52 minutes, or two batteries in 85 minutes. When charged inside the camera, the battery reaches 100% in 55 minutes.
- Lightweight and Easy to Pack: At just 89g, it is easy to bring along as a spare for longer sessions on the water.

Key Specs

- Capacity: 2013 mAh
- Nominal Voltage: 10.74V
- Weight: 89g
- Charging Limit Voltage: 12.9V
- Charging Temperature: 0° to 40°C (32° to 104°F)

- Recommended Adapter: PD 65W adapter.
