PRODUCT DETAILS

Inviting you to create your own pieces of modern art

The Polaroid Now Generation 3 - MOMA Edition camera. MOMA, founded in 1929 by three women, is a New York City museum dedicated to showcasing innovative and thought-provoking contemporary art. Inspired by the same legacy that has shaped generations of artists, the camera is designed in a striking monochrome blue colorway with three interchangeable wrist straps for a bold, color- blocking look. All in a classic Polaroid look made with 40% recycled materials. Rechargeable with USB-C and compatible with Polaroid i-Type Film to capture real life in iconic, full-sized Polaroid pictures.
