

GoPro Headband 2.0

252523

PRODUCT DETAILS

Immersive, hands-free POV

Head Strap 2.0 has a modular design that can be configured into three different setups. Use the headband with the top strap for more support and stability during intense activities, or the headband on its own for a low-profile setup during lower-intensity activities. The removable clip attaches your GoPro to caps, belts and more, while the main headband can strap your GoPro to stationary objects for added versatility.

Product Details

- Includes head strap, top strap, camera clip mount and thumb screw
- Three different mounting setups include fully configured headband with top strap, headband-only and clip-only
- Fully configured headband with top strap provides support and stability for high-intensity activities like rock climbing, endurance sports and more
- Headband-only configuration provides a comfortable fit for activities like fishing, cooking or playing with the kids
- Main headband can be easily unlatched for mounting to tree trunks, poles or other objects
- Removable clip mount lets you attach your GoPro to caps, belts, outerwear and more
- Water-resistant, high-performance materials and anti-slip design
