

Véritable

## Véritable Lingot Jalapeño hot chili - Pre-seeded Soil

254329

Jalapeño hot chili peppers come from Mexico. With an average strength of 5 (out of 10) on the Scoville heat scale, these peppers are widely used in cooking for their ability to liven up a dish without overpowering the other flavors. Their slightly tangy and delicately smoky flavor makes them ideal for all kinds of recipes! Please note: do not eat the leaves—they are harmful to both humans and animals. Enjoy the Véritable® Lingot® technology: 100% natural and ready-to-use refills with no pesticides or GMOs (patent-pending). Jalapeño hot chili Lingot® compatible with the whole Véritable® Garden range. Specie: Jalapeño hot chili

### PRODUCT DETAILS

Véritable® LINGOT® is a patented innovation, offering ready-to-use refills designed for easy indoor gardening. These refills include everything your plants need for optimal growth: organic, soil-less media, organic seeds, and essential nutrients. No additional inputs are required. This system is simple, clean, efficient, and sustainable.

Explore a diverse collection of over 70 plant species available for cultivation in the Véritable® indoor garden range.
