

GoPro Volta 2.0

257396

The premium Volta 2 features a larger battery and expanded versatility. Attach your MISSION 1 Series camera to the grip for rapid charging and up to 9 hours of 4K30 recording time so you can capture longer without swapping batteries. Built-in buttons give you easy one-handed control when the camera's on the grip and wireless control when detached. Multiple 1/4-20 mounting points let you add on a variety of accessories, while flip-out legs turn the grip into an on-the-go tripod.

PRODUCT DETAILS

Volta 2

The premium Volta 2 puts more creative power in your hands with a larger battery and expanded versatility. Attach your MISSION 1 Series camera to the grip for rapid charging¹ and up to nine hours of 4K30 recording time² so you can capture for longer without swapping batteries. Built-in buttons give you easy one-handed control when the camera's on the grip and wireless control when it's detached.³ Multiple 1/4-20 mounting points let you add on a variety of accessories, while flip-out legs turn the grip into an on-the-go tripod.

Warning

Volta 2 is not waterproof. Using it under water with your GoPro will damage your camera and void the warranty.

Footnotes

1 MAX2, HERO13 Black, HERO12 Black, HERO11 Black, HERO11 Black Mini, HERO10 Black and HERO9 Black cameras will charge at their regular rate of speed. 2 Total recording time based on recording 4K footage (average of 5.97 hours total) at 30 frames per second with Bluetooth on and using the combined power of a fully charged MISSION 1 Series camera with an Enduro 2 Battery and Volta 2 battery grip at 25°C. Recording times may vary with MAX2, HERO13 Black, HERO12 Black, HERO11 Black, HERO11 Black Mini, HERO10 Black, HERO9 Black, camera settings and environmental conditions. 3 MAX2, HERO13 Black and HERO12 Black cameras operate exclusively via Bluetooth wireless control. 4 Accessories sold separately. 5 Range may be affected when recording with higher resolutions and frame rates and other high-performance settings. 6 To maintain weather resistance for MAX2 and HERO11 Black Mini, use the USB Pass-Through Door for MAX2 or USB Pass-Through Door for HERO11 Black Mini (each sold separately). 7 Not compatible with some non-GoPro devices.

REACH SVHC Disclosure on Candidate List

REACH (Registration, Evaluation, Authorisation, and Restriction of Chemicals, EC 1907/2006) is the European Union's (EU) chemical substances regulatory framework, also applicable in the UK as retained

EU legislation. REACH requires GoPro to provide customers with sufficient information on Substances of Very High Concern (SVHC) contained in products in concentration above 0.1% weight by weight (w/w) to allow safe use of the product. Substance Name: Lead | CAS Number: 7439-92-1 | Comment Location: Chip resistor and MOS
