# GoView Binoculars ZOOMR 10x42, Phantom Black

251784

The GOVIEW® ZOOMR<sup>™</sup> 10x42 is designed for the discerning nature lover who wants to see their world in sharp focus in difficult lighting conditions. The robust glassfiber-reinforced plastic housing has a 10x magnification which, in combination with the large lens diameter, allows you to see even the smallest details in brilliant colors at the greatest distance.

### PRODUCT DETAILS

#### For the really big show: our lightweight largest

The GOVIEW® ZOOMR<sup>™</sup> 10x42 is designed for the discerning nature lover who wants to see their world in sharp focus in difficult lighting conditions. The robust glassfiber-reinforced plastic housing has a 10x magnification which, in combination with the large lens diameter, allows you to see even the smallest details in brilliant colors at the greatest distance. Speaking of colors: our GOVIEW® ZOOMR<sup>™</sup> 10x42 is available in the cool colors Oak Green and Phantom Black.

#### Discover the unique details of your world with style and innovation

Inspired by the demands of professionals, GOVIEW® ZOOMR<sup>™</sup> binoculars and monoculars come with an elegant design and many technical refinements for your use in nature, travel, sports or daily life.

To provide you with a new optical experience, the GOVIEW® ZOOMR<sup>™</sup> series combines many years of technological know-how with a modern and colorful design language, under which many highquality details are hidden: the binoculars and monoculars are protected against water and fogging by a nitrogen filling and are particularly compact, durable and robust thanks to their magnesium or glass-fiber reinforced plastic housing - without weighing much.

The complete optics are optimized for a maximum field of view and all lenses are multi-coated. In addition, the innovative design guarantees maximum ergonomics, so that you have a firm grip on your binoculars on all adventures - and if you don't have a hand free, the high-quality carrying strap ensures that you always have them at hand.

If you wear glasses, you can easily adjust the binoculars and monoculars of the GOVIEW® ZOOMR<sup>™</sup> series to your needs with the extendable eyecups - alternatively, you can of course adjust your eyesight with the aluminum diopter adjustment. In addition, each pair of binoculars and monoculars comes with a wide range of accessories: a high-quality carrying case, protective caps, a cleaning cloth, our PORTR<sup>™</sup> carrying strap and the universal CLOSR<sup>™</sup> smartphone adapter, to share your impressions online.

Now it's your turn, discover the GOVIEW® product world and experience your life with different eyes

## Specs

Product Attributes	
EAN:	4260527416012
Manufacturer number:	GB1301
Product weight:	0.0 kilograms
Optical Parameters	
Magnification:	10x
Objective lens diameter:	42
Eyepiece and objective coating:	Fully Multi Coated
Prism:	BAK4
Pupil distance:	56-76
Field of view (degree):	6.1
Field of view (meter):	106
Exit pupil:	4.2
Eye relief:	16.1
Close focus:	3-
Features	
Rotating eyecups:	true
Filling:	Nitrogen
Material:	Glass-fiber reinforced plastic GFRP
Durability	GERE
IP classification:	IPX5
Operation temperature:	-10°C to +65° C
Dimensions and Weight	
Product height:	5.2
Product width:	13.2
Product length:	14.25
Product weight:	0.568
