

Valerion VisionMaster Pro 2: 4K Triple Laser Projector with HDMI 2.1 Gaming

255118

Valerion VisionMaster Pro 2 is a Triple laser 4K UHD projector with ultra-high 15,000:1 contrast and 3000 ISO Lumens brightness for vivid, detailed visuals. Covers 110% Rec.2020 color gamut with ISF-certified calibration for out-of-the-box color accuracy. Features AI-driven upscaling to 4K, a 0.9–1.5 optical zoom for flexible installation, and supports screens up to 300". Offers low-lag gaming at 1080p@240Hz on ultra-wide formats. Includes built-in Google TV+, media sharing via AirPlay 2, Miracast, and Chromecast, plus smart home integration. Durable design with 14 metal-reinforced strips for strength and modern aesthetics.

PRODUCT DETAILS

ProVision Engine™
The groundbreaking technology that sets us apart as the first triple laser projector with a professional-grade lens system powered by the advanced AI-SoC platform, MT9618. It delivers a true cinematic experience with impeccable frames and cutting-edge smart lifestyle features.

Cinematic Visuals, No More Poor Details & Washed Out Image
With ultra high contrast of 15000:1, deliver incredibly deep blacks details that add a profound sense of depth to every image.

Spectacularly Furious Colors
Immerse yourself in cinematic experiences with 3000 ISO Lumens and a 110% Rec.2020 wide color gamut, delivering intensely vibrant visuals with minimal rainbow effect.

Out-of-the-Box Color Perfection
Enjoy unparalleled color accuracy with ISF-certified professional calibration, offering flawless colors right from the start.

AI Super Resolution
Transform every detail from Full HD to stunning 4K, elevating your entertainment to a new level of brilliance and clarity.

0.9-1.5 Optical Zoom: Flexible Room Selection
With a 0.9-1.5 throw ratio, it offers greater flexibility than traditional home theater projectors, allowing for use in compact rooms without pixel loss during zoom operations.

Go Big, 300 Inches for Any Wall
Our 4K UHD projector projects incredibly vivid images onto any wall, with custom screens crafted to your exact dimensions.

Epic Gaming Experience
Immerse yourself in gaming with ultra-responsive 4ms input lag at 1080P@240Hz on a stunning 21:9 or 32:9 ultra-wide screen. Enjoy next-level gameplay with custom modes, pinpoint crosshair accuracy, and enhanced night vision.

Stream with Ease
Built-in Google TV+ brings you instant access to top streamingf platforms, including Netflix, YouTube, Amazon Prime Video, Disney+, HBO MAX, Hulu, Apply TV+, and Paramount, all in one place.

Seamless Memory Sharing
Instantly view and share photos and videos with Apple AirPlay 2, Miracast, Chromecast, and a built-in media player, making it easy to relive your memories anytime.

Smart Home, Smart Life
Effortlessly connect with Alexa, Google Home, and Apply Home to control your projector with ease. Experience a smarter, more connected home where entertainment and convenience go hand in hand.

Sleek, Powerful Design
Discover our pioneering design featuring 14 electroplated metal strips, engineered to endure up to 100 kilograms of pressure. This advanced structure delivers superior strength and reliability while maintaining a sleek, modern aesthetic.

What's in the box

- Projector
- ac cable
- Adapter
- Remote control
- AAA batteries (x 2)
- User manual
