PRODUCT DETAILS

More Than Your Average CD-Player with DAB+
Designed in the UK, the Classic C-D6 offers more than just CD playback. With versatile connectivity options including Bluetooth, this digital radio elevates your audio experience to new heights, bringing together classic charm and modern technology.

Experience Great Stereo Sound
Immerse yourself in superior audio quality: Equipped with stereo speakers and 2x 3" full-range drivers, this digital radio delivers powerful sound output of 2x 15 watts, ensuring a rich and dynamic listening experience.

Access to a Wide Range of Radio Stations
Enjoy easy accessibility to a range of radio stations. With DAB+ digital radio and FM antenna reception, you can effortlessly tune in to your favorite channels.

Listen to Your Favorite Sources
With multiple playback options including CD, Bluetooth 5.3, USB, and AUX, the Classic C-D6 allows you to enjoy your favorite music from various sources. Whether it's streaming from your smartphone, playing CDs, or connecting external devices, it offers endless entertainment possibilities.

Convenient Functions for Your Daily Routine
The Classic C-D6 is not just about music; it's a versatile companion for your daily life. Imagine setting the alarm to gently wake you up to your favorite radio station in the morning, or using the sleep timer to gradually lower the volume as you drift off to sleep—making it the perfect addition to your home.

Fits Seamlessly Into Any Living Space
With its sleek form factor and available in two elegant color shades—bright Cotton White/Oak and dark Coffee Black/Walnut—the Classic C-D6 effortlessly complements both classic and modern living spaces. Whether it's placed on a bookshelf, kitchen counter, or bedside table, it adds a touch of timeless sophistication to any room.

Bright 2.4" Colour TFT Display
See everything clearly on the vibrant display—track names, sources, radio stations, and settings are all easy to read, even from across the room. Displayed imagery (such as radio station logos or album artwork) is dependent on data broadcast by local radio stations and may vary by location.
