

# STANMORE III

## TAGLINE

---

## THE LEGENDARY ONE RE-ENGINEERED WITH A WIDER SOUNDSTAGE

## PRODUCT COPY

---

As the middleweight speaker of the home line-up, Stanmore III brings expansive Marshall sound in a frame that sits proudly anywhere in your home. Stanmore III has an even wider soundstage than its predecessor, delivering home-filling Marshall signature sound, re-engineered for a more immersive experience. This new generation of Stanmore has tweeters angled outwards and updated waveguides to deliver a consistently solid sound that is so wide it chases you around the room. The two-way driver system delivers a heavy but balanced sound, with crisp, soaring treble and controlled bass that really roars. Built-in Dynamic Loudness adjusts the tonal balance of the sound, ensures your music sounds brilliant at every volume, while Placement Compensation corrects for any nearby reflective surfaces that may affect the sound. Stanmore III is ready for the future of Bluetooth technology and has been built ready to deliver next-generation Bluetooth features the moment they are available.

Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. It may have an updated, cleaner look but Stanmore III has never felt more Marshall. Choose the finish that fits you – original Black, vintage Cream or relaxed Brown. Stanmore III has music at heart and the environment in mind. While staying true to the iconic design that speaks to the brand's heritage, this generation has a PVC-free build that comprises 70% recycled plastic and only vegan materials. Stanmore III has a straight-to-business design, so you can just pair and play without the hassle of a complex set-up. Easily connect to this speaker from your device using Bluetooth, RCA or 3.5 mm and get listening. Experience the power of Marshall sound with Stanmore III, the middleweight speaker that makes a loud statement in any space.

## KEY SELLING POINTS

---

### 1. HOME-FILLING SOUND

**Short:** Stanmore III has an even wider soundstage than its predecessor, delivering immersive, home-filling Marshall signature sound.

**Medium:** Stanmore III has an even wider soundstage than its predecessor, delivering home-filling Marshall signature sound that has been re-engineered for a more immersive experience. This new generation of Stanmore has tweeters angled outwards and updated waveguides to deliver a consistently solid sound that is so wide it chases you around the room. Dynamic Loudness adjusts the tonal balance of the sound to ensure your music sounds brilliant at every volume.

**Long:** Stanmore III has an even wider soundstage than its predecessor, delivering home-filling Marshall signature sound that has been re-engineered for a more immersive experience. Stanmore III is built with a 5" woofer and two 3/4" tweeters, now angled outwards and with updated waveguides to deliver a consistently solid sound that is so wide it chases you around the room. This two-way driver system delivers a heavy but balanced sound, with crisp, soaring treble and controlled bass that really roars. The all-new Placement Compensation feature corrects for any nearby reflective surfaces that may affect the sound and, since our perception of frequency changes according to the sound level, built-in Dynamic Loudness adjusts the tonal balance of the sound – this ensures your music sounds brilliant at every volume. This middleweight speaker brings expansive Marshall sound that will totally immerse you in your music.

### 2. PAIR, PLAY AND TURN IT UP

**Short:** Stanmore III is straight to business, so you can just pair and play without the hassle of a complex set-up.

**Medium:** Stanmore III is straight to business, so you can just pair and play without the hassle of a complex set-up. You'll find everything you need right there on the unit so you can easily control your music without ever picking up your device.

**Long:** Stanmore III is straight to business, so you can just pair and play without the hassle of a complex set-up. You'll find everything you need right there on the unit, including the Bluetooth pairing button, power switch, bass and treble controls and the control knob so you can easily control your music without ever picking up your device. Stanmore III is good to go the moment the mood for music takes you.

### 3. NEXT-GENERATION BLUETOOTH

**Short:** Stanmore III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available.

**Medium:** Stanmore III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available. Over the Air (OTA) updates via the app ensure that your speaker is always up-to-date with the latest software and features. This future-proof technology will deliver the highest audio quality possible, while increasing streaming range and improving audio sync.

**Long:** Stanmore III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available. Over the Air (OTA) updates via the app ensure that your speaker is always up-to-date with the latest software and features. This future-proof technology will deliver the highest audio quality possible, while increasing streaming range and improving audio sync, for a noticeably better connection when you're watching video. Also on its way is the Multi-Stream feature that will allow you to connect to multiple speakers from one device, and the Broadcast feature that will allow you to broadcast audio to other devices. When this next-generation Bluetooth technology is released, you can feel secure knowing that your speaker is ready for it.

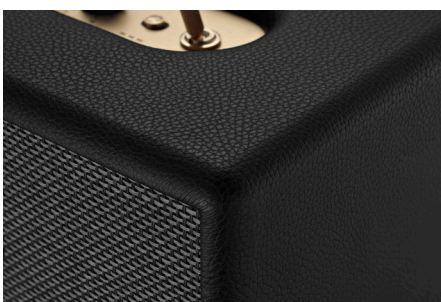

### 4. ICONIC DESIGN THAT STANDS APART

**Short:** Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Stanmore III comes in three finishes so you can choose the one that fits you.

**Medium:** Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. Signature details such as the Marshall script and brass control knobs adorn the speaker, echoing the legacy of rock 'n' roll. Choose the finish that fits you – original Black, vintage Cream or relaxed Brown.

**Long:** Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. The brass panel adorning the front of the speaker is now narrower and more streamlined, and the fret is colour-coordinated to match the overall finish. Signature details such as the iconic Marshall script and brass control knobs adorn the speaker, echoing the legacy of rock 'n' roll. The classic power switch is back, and sits pride of place on the top, calling back to the amplification heritage of Marshall. The control knob also makes an appearance on the top panel, so you can easily control your music without picking up your device. Choose the finish that fits you – original Black, vintage Cream or relaxed Brown. Stanmore III has an updated design but has never felt more Marshall.

### 5. A MORE SUSTAINABLE APPROACH

**Short:** While staying true to the iconic design that speaks to the brand's heritage, Stanmore III has a PVC-free build that comprises 70% recycled plastic and only vegan materials.

**Medium:** Stanmore III has music at heart and the environment in mind. This new generation takes a more sustainable approach with a PVC-free build that comprises 70% recycled plastic and only vegan materials.

**Long:** Stanmore III has music at heart and the environment in mind. While staying true to the iconic design that speaks to the brand's heritage, this generation takes a more sustainable approach with a PVC-free build made from 70% recycled plastic and only vegan materials. Durable and solid, comprising high-quality materials and components, you can trust that your speaker will last. Over-The-Air (OTA) updates mean that Stanmore III is up-to-date with the latest software – this speaker will never act its age. Marshall is dedicated to creating positive change in the world, and continues to work towards building longer-lasting, more sustainable products.

## 6. CONNECT THE WAY YOU WANT

- Short:** With next-generation Bluetooth 5.2, the RCA input and the 3.5 mm input, connecting to Stanmore III and getting the right sound has never been so effortless.
- Medium:** With next-generation Bluetooth 5.2, the RCA input and the 3.5 mm input, connecting to Stanmore III and getting the right sound has never been so effortless. Connect to your speaker directly from your device the way you want to.
- Long:** With different ways to connect to Stanmore III, listening to your music and getting the right sound has never been so effortless. Connect to your speaker directly from your device using Bluetooth, RCA or 3.5 mm. Download and connect to the Marshall Bluetooth app to access Placement Compensation settings, and Over-the-Air (OTA) updates. While you can control the bass and treble on top of the speaker, you'll also find additional controls in the app.
