

WOBURN III

TAGLINE

THE POWERFUL PERFORMER RE-ENGINEERED WITH A WIDER SOUNDSTAGE

PRODUCT COPY

As the heavyweight speaker of the home line-up, Woburn III is guaranteed to fill any space with immersive, home-shaking Marshall signature sound. Woburn III has been re-engineered with a three-way driver system, with a more powerful 6" woofer in a bass-reflex cabinet (tuned lower than previous generations), two 3/4" tweeters and the addition of two 2" midrange drivers. This updated system delivers greater clarity in the midrange, crisp treble and more controlled bass that is so low it nearly reaches the lowest frequency perceivable by the human ear. Angled tweeters and updated waveguides have been added to deliver a consistently solid sound that is so wide it chases you around the room. Built-in Dynamic Loudness adjusts the tonal balance of the sound, ensuring your music sounds brilliant at every volume. Woburn III is ready for the future of Bluetooth technology and has been built ready to deliver next-generation Bluetooth features the moment they are available.

Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. It may have an updated, cleaner look but Woburn III has never felt more Marshall. Choose the finish that fits you – original Black or vintage Cream. Woburn III has music at heart and the environment in mind. While staying true to the iconic design that speaks to the brand's heritage, this generation has a PVC-free build that comprises 70% recycled plastic and only vegan materials. Woburn III is straight to business, so you can just pair and play without the hassle of a complex set-up. Easily connect to your speaker from your device using Bluetooth, HDMI, RCA or 3.5 mm and get straight to listening. Add this iconic heavyweight speaker to your home and experience the most powerful Marshall sound.

KEY SELLING POINTS

1. HOME-SHAKING SOUND

Short: Woburn III has an even wider soundstage than its predecessor, filling any space with immersive, home-shaking Marshall signature sound.

Medium: Woburn III has an even wider soundstage than its predecessor and fills any space with immersive, home-shaking Marshall signature sound. Woburn III has been re-engineered with a new three-way driver system, which delivers more controlled, lower-frequency bass and greater clarity in the midrange. This new generation of Woburn has tweeters angled outwards and updated waveguides to deliver a consistently solid sound that is so wide it chases you around the room. Dynamic Loudness adjusts the tonal balance of the sound to ensure your music sounds brilliant at every volume. When you connect with HDMI, Night Mode keeps the neighbours happy, reducing louder sounds while ensuring quiet sounds are still audible.

Long: Woburn III has an even wider soundstage than its predecessor and, as the largest speaker in the home line-up, it brings the heaviest sound. This generation of Woburn has been re-engineered with a new three-way driver system, with a lower-tuned and more powerful 6" woofer in a bass-reflex cabinet, two 3/4" tweeters and the addition of two 2" midrange drivers. This updated system delivers greater clarity in the midrange, crisp treble and more controlled bass that is so low it nearly reaches the lowest frequency perceivable by the human ear. Angled tweeters and updated waveguides have been added to deliver a consistently solid sound that is so wide it chases you around the room. The all-new Placement Compensation feature corrects for any nearby reflective surfaces that may affect the sound and, since our perception of frequency changes according to the sound level, built-in Dynamic Loudness adjusts the tonal balance of the sound – this ensures your music sounds brilliant at every volume. When the sun goes down, connect to your TV with HDMI and activate Night Mode – this reduces louder sounds while ensuring quiet sounds are still audible and keeps the neighbours happy. This heavyweight is guaranteed to fill any space with immersive, home-shaking Marshall signature sound.

2. PAIR, PLAY AND TURN IT UP

Short: Woburn III is straight to business, so you can just pair and play without the hassle of a complex set-up.

Medium: Woburn III is straight to business, so you can just pair and play without the hassle of a complex set-up. You'll find everything you need right there on the unit so you can easily control your music without ever picking up your device.

Long: Woburn III is straight to business, so you can just pair and play without the hassle of a complex set-up. You'll find everything you need right there on the unit, including the Bluetooth pairing button, power switch, bass and treble controls and the control knob so you can easily control your music without ever picking up your device. Woburn III is good to go the moment the mood for music takes you.

3. NEXT-GENERATION BLUETOOTH

Short: Woburn III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available.

Medium: Woburn III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available. Over the Air (OTA) updates via the app ensure that your speaker is always up-to-date with the latest software and features. This future-proof technology will deliver the highest audio quality possible, while increasing streaming range and improving audio sync.

Long: Woburn III is ready for the future of Bluetooth technology and has been built to deliver next-generation Bluetooth features the moment they are available. Over the Air (OTA) updates via the app ensure that your speaker is always up-to-date with the latest software and features. This future-proof technology will deliver the highest audio quality possible, while increasing streaming range and improving audio sync, for a noticeably better connection when you're watching video. Also on its way is the Multi-Stream feature that will allow you to connect to multiple speakers from one device, and the Broadcast feature that will allow you to broadcast audio to other devices. When this next-generation Bluetooth technology is released, you can feel secure knowing that your speaker is ready for it.

4. ICONIC DESIGN THAT STANDS APART

Short: Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Woburn III comes in two finishes so you can choose the one that fits you.

Medium: Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. Signature details such as the Marshall script and brass control knobs adorn the speaker, echoing the legacy of rock 'n' roll. Choose the finish that fits you – original Black or vintage Cream.

Long: Marshall has taken its signature rock 'n' roll home speaker line-up and given it a stripped-back look that makes a loud statement. Its iconic design knocks all other speakers off the shelf. The brass panel adorning the front of the speaker is now narrower and more streamlined, and the fret is colour-coordinated to match the overall finish. Signature details such as the iconic Marshall script and brass control knobs adorn the speaker, echoing the legacy of rock 'n' roll. The classic power switch is back, and sits pride of place on the top, calling back to the amplification heritage of Marshall. The control knob also makes an appearance on the top panel, so you can easily control your music without picking up your device. Choose the finish that fits you – original Black or vintage Cream. Woburn III has an updated design but has never felt more Marshall.

5. A MORE SUSTAINABLE APPROACH

Short: While staying true to the iconic design that speaks to the brand's heritage, Woburn III has a PVC-free build that comprises 70% recycled plastic and only vegan materials.

Medium: Woburn III has music at heart and the environment in mind. This new generation takes a more sustainable approach with a PVC-free build that comprises 70% recycled plastic and only vegan materials.

Long: Woburn III has music at heart and the environment in mind. While staying true to the iconic design that speaks to the brand's heritage, this generation takes a more sustainable approach with a PVC-free build made from 70% recycled plastic and only vegan materials. Durable and solid, comprising high-quality materials and components, you can trust that your speaker will last. Over-The-Air (OTA) updates mean that Woburn III is up-to-date with the latest software – this speaker will never act its age. Marshall is dedicated to creating positive change in the world, and continues to work towards building longer-lasting, more sustainable products.

6. HDMI CONNECTIVITY

Short: With so many ways to connect to Woburn III, getting the right sound for listening to music or watching TV has never been so effortless.

Medium: With so many ways to connect to Woburn III, getting the right sound for listening to music or watching TV has never been so effortless. Connect to your speaker directly from your device using Bluetooth, RCA or 3.5 mm. Woburn III also has an HDMI input, which allows you to connect Woburn III to your TV for a uniquely Marshall viewing experience.

Long: With so many ways to connect to Woburn III, getting the right sound for listening to music or watching TV has never been so effortless. Connect to your speaker directly from your device using Bluetooth, RCA or 3.5 mm. Woburn III also has an HDMI input, which allows you to connect to your TV for a uniquely Marshall viewing experience, as well as access the Night Mode feature. Download and connect to the Marshall Bluetooth app to access Placement Compensation settings, Night Mode, and Over-the-Air (OTA) updates. While you can control the bass and treble on top of the speaker, you'll also find additional controls in the app.
