Esoteric S-05XE STEREO POWER AMPLIFIER, Silver

256311

The finest transparency unique to Class A operation and the richly scaled, three-dimensional soundstage that is a hallmark of Esoteric come together to create an unparalleled listening experience. Featuring a newly designed, fully symmetrical balanced input buffer amplifier, a large 1,000 VA toroidal-core power transformer, and a unique dualmono power-supply smoothing circuit, the refined S-05XE establishes a new benchmark in Class A stereo power amplification. Experience the polished, expanded Esoteric signature sound in its full expression.

PRODUCT DETAILS

Features

- Simple, pure, straightforward circuit design philosophy inherited from Esoteric’s Grandioso amplifiers
- The Class A clarity and detail meet hyper dynamics — Esoteric's hallmark sonic signature
- High-power bipolar transistor in a three-parallel push-pull configuration
- 30W per channel into 8 (Class A) / 60W per channel into 4 / 120W into 8 (BTL)
- Monoblock-level performance in a stereo chassis: fully dual-mono construction, including power-supply smoothing circuits
- Minimal NFB (Negative Feedback): contributes to a lively, dynamic sound
- Large 1,000 VA toroidal-core power transformer: delivers enhanced dynamic performance
- New power supply smoothing circuit: enhances L/R independence and channel separation
- “Grandioso Grade” custom capacitors: 10,000F × 4 pcs per channel
- New “Fully Symmetrical Balanced Input Buffer Amplifier”: blocks noise and produces meticulously detailed sound
- ES-Link Analog Input: Esoteric’s proprietary current-signal transmission for ultra-authentic sound
- Triple Drive Mode Switch (Stereo / BTL / Bi-Amp): supports multi-amplifier system configurations
- DC Trigger: for sequential power on/off with the N-05XE
- Esoteric’s patented isolation feet and semi-floating top panel: contribute to an open and natural sonic character
- Wave-shaped heat sink: reduces peak resonance for a more neutral response
- New top panel design: inspired by the “Dual Honeycomb Grille” design of the Grandioso amplifiers
- Proudly made in Tokyo
