## Momcozy Baby Scale

254796

Keeping track of your baby's growth has never been easier! The Momcozy Digital Baby & Pet Scale provides precise weight measurements from 50 g to 150 kg, making it suitable for infants, toddlers, pets, and even adults. With multiple unit options, a built-in height measurement, and a user-friendly design, this scale is the perfect choice for families who want reliable tracking of their loved ones' health.

### PRODUCT DETAILS

#### Multi-Purpose & High Capacity

Accurately measures from 50 g to 150 kg, making it ideal for babies, toddlers, pets, and adults.

#### Five Measurement Units

Choose between lb:oz, oz, lb, g, and kg for flexibility in weight tracking.

#### Built-in Height Measurement

The 60 cm ruler on the tray surface allows you to record both weight and height at the same time.

#### Fast & Precise Readings

Get accurate measurements in just 2 seconds, with a 5 g increment for weights up to 20 kg and 50 g increments for weights from 20 kg to 150 kg.

#### Tare Function

Easily subtract the weight of baby blankets etc. for precise results.

#### Safe & Stable Design

The curved tray provides a secure, comfortable weighing platform. Non-slip, durable materials and a secure locking system ensure maximum safety during use.

#### Adjustable Viewing Angle & Night Vision Screen

Easily switch viewing angles by holding the "UNIT" button, ensuring clear readings from any position. The night vision display allows easy reading even in the dark.

#### Memory & Auto-Off Functions

The scale remembers your last unit and angle settings and automatically turns off after 2 minutes to save power.

### **Easy to Assemble & Store**

The removable tray makes switching between baby, pet, and adult modes simple. The compact design allows for easy storage in small spaces.

### **Battery-Powered & Ready to Use**

Comes with 3 free AAA batteries, so you can start using it immediately.
