## Momcozy Portable Bottle Warmer

254225

Whether you're feeding your baby breast milk or formula, the portable bottle warmer is the perfect solution to make feeding time easier. It ensures that mother/baby milk is at the optimal temperature anytime and anywhere – for a happy and satisfied baby.

### PRODUCT DETAILS

#### **Portable on the go and cordless design**

Momcozy's portable bottle warmer is the perfect choice for home, office, travel, or even outdoor picnics. It allows you to heat breast milk anytime, anywhere. The baby can enjoy breast milk/formula at the perfect temperature even when travelling. Compatible with fast charging (adapter 15W), which makes feeding warm milk on the go easier and more convenient.

#### **Safe & Leak-Proof Heating**

Momcozy's portable bottle warmer is made of food-grade materials that are guaranteed to contain no odors or pollutants. It is equipped with a temperature control probe for precise temperature control. The double-layer, leak-proof design with two leak-proof silicone rings effectively prevents leakage, making it a reliable and unobtrusive option for parents on the go.

#### **Fast heating and precise temperature control**

It heats 120 ml of milk to 37°C in just 2 minutes, quickly and safely providing warm breast milk for your hungry baby. With six adjustable temperature settings (32°C - 50°C), it uses advanced, evenly distributed heating technology and external temperature sensors for precise temperature control, preventing overheating and preserving all essential nutrients.

#### **Longer Battery Life and Compatibility**

When fully charged, the Momcozy portable bottle warmer can heat 120 ml up to 6-14 times and 180 ml up to 4-9 times. It comes with five adapters, making it compatible with most baby bottle brands, including Dr. Brown (50mm); ,Philips AVENT, and Chicco (50mm); MAM (40mm); Tommee Tippee (60mm); Comotomo and Boon (70mm).

#### **Easy to clean and use**

Momcozy's portable bottle warmer is easy to clean by rinsing and wiping. Easy to use: Simply insert the bottle directly into the device or use the special connector and then press the power button. In just a few minutes, you can easily feed your baby with warm milk.

Includes adapters for major bottle brands such as Dr. Brown's (40mm and 50mm), Medela, Philips Avent, Chicco, Comotomo, Boon, Tommee Tippee, and MAM.
