Developed from over 17,500 hours of intensive research and development, Momcozy presents the M6 breast pump – a true sign that mothers are at the center.

PRODUCT DETAILS

Størrelse **SINGLE** , DOUBLE

Optimized pumping rhythm for maximum comfort

Our specially developed pumping rhythm, based on extensive research and over 1,000 tests, increases both comfort and milk production for an optimal pumping experience.

Powerful second-generation motor

Enjoy an impressive 295 mmHg pumping power that can be customized - choose from 3 modes and 9 levels for perfect pumping.

Perfect fit and discreet application

Designed according to the best-selling underwear models, the pump adapts perfectly to the contours of your breast and can be used inconspicuously anywhere.

Tailor-made fit for every need

Choose from 4 flange sizes for a perfect fit and enjoy up to 180 minutes of operation per charge. The large LED display conveniently shows you time, battery status and intensity levels.

Patented Double Flange for Extra Safety

Our breast pump has a unique double seal flange made of soft and hard silicone. Easy and quick installation ensures comfort and safety for you and your baby.

Innovative Tritan material for the highest quality

The milk container made of GREENGUARD-certified Tritan meets strict quality standards and is both

durable and safe for mother and child.

High transparency for easy control

The vertical design allows a clear view of the milk status and makes it easy to position and pour.

First-class comfort thanks to customization

Momcozy offers 4 sizes (17/19/21/24 mm) for a perfect fit, so that every mother can experience the optimal comfort.

Long usage time and easy monitoring

Enjoy up to 180 minutes or 6 pumping sessions on a single charge. The large LED display shows you all the important information at a glance.

Easy to clean for convenience

With just 4 easy-to-clean parts, you'll save time and effort for stress-free use.
