Momcozy M9 Mobile Breast Pump, Double

254221

Discover the Momcozy Mobile Flow (M9) – your ideal companion for discreet and effortless pumping! This elegant breast pump allows you to control your pumping sessions as you wish via the Momcozy app. Start, pause and personalise pumping according to your taste. With 15 adjustable pump levels and lovingly designed modes like Milk Relief and Milk Boost, you'll find the perfect rhythm for you and your baby. The slim design ensures that the pump stays discreetly under your clothes, while the DoubleFit flange ensures a secure fit – without compromise. Four different flange sizes provide an ideal fit for any nut.

The stackable Tritan containers offer a convenient way to safely store your precious breast milk without having to transfer it. With only four individual parts, the breast pump can be cleaned effortlessly.

PRODUCT DETAILS

Størrelse SINGLE, **DOUBLE**

Smart pumping with the Momcozy app

Control your breast pump effortlessly via the Momcozy app. Start, pause and set timers without having to touch the breast pump to grab. Track your milk supply and discover patterns in your pumping process to better respond to your needs.

Stronger pumping performance and whisper-quiet operation

The third generation of the pump offers impressive performance and a pleasantly quiet environment. With up to 15 pumping stages in each mode, you'll experience a comfortable and efficient pumping experience.

Multiple modes for your individual well-being

Effortlessly switch between 3 regular modes (Stimulation, Expression, Mixed) directly on your breast pump or use the app, where you can also discover custom modes and 2 special settings (Milk Relief, Milk Boost). Adjust the rhythm to your liking.

Comfort and discretion for the modern mother

The Mobile Flow breast pump combines soft and hard silicone with the innovative DoubleFit flange to ensure both comfort and safety. The elegant, teardrop-shaped design of the M9 breast pump blends

harmoniously into any bra, so you can pump in peace and privacy.

Convenient and hygienic storage

The stackable container made of safe, eco-friendly Tritan offers an easy and clean way to store your breast milk. Close it with the silicone lid and store it in your bag or fridge – without decanting it into a bag. This keeps the milk fresh and pure.

Ideal for every mother's needs

Momcozy's Mobile Flow portable breast pump offers you 4 sizes (17/19/21/24 mm) and comes with a stylish storage bag. A single charge lasts all day, and with only 4 easy-to-clean parts, you'll save time and effort.
