

Blueair Blue 3350i Max Air Purifier

254554

The Blueair Blue Max series features advanced HEPASilent™ technology, delivering up to 83% faster air cleaning and 50% less noise than previous models. It captures 99.97% of airborne particles, including viruses, smoke, pet dander, pollen, and dust, while the carbon filter removes household odors. This Quiet Mark certified air purifier operates at just 23 dB, making it perfect for quiet environments like bedrooms. With smart app connectivity, voice control, and energy-efficient performance, the Blue Max series offers both convenience and superior air quality for your home.

PRODUCT DETAILS

UPGRADED BLUE MAX SERIES

Discover the new Blueair Blue Max series, featuring proprietary HEPASilent™ technology for up to 83% faster air cleaning and 50% less noise than previous Blue models. This advanced air purifier line is designed for efficient, quiet, and high-performance air purification.

ADVANCED PARTICLE FILTRATION

Remove 99.97% of airborne particles as small as 0.1 microns, including viruses, smoke, pet dander, pollen, mold, allergens, and dust. The built-in carbon filter neutralizes odors from cooking, pets, and smoking, leaving your space fresh and clean.

WHISPER-QUIET OPERATION

Operating at just 23 dB on low, the Blue Max series is Quiet Mark certified, ensuring whisper-quiet performance perfect for bedrooms or any space where you need a peaceful environment.

FASTER AIR CLEANING FOR LARGER SPACES

With HEPASilent™ dual filtration, this air purifier cleans up to 86 m² in just 30 minutes or 36 m² in about 12.5 minutes on high, all while using less noise and energy than traditional HEPA filters.

SMART FEATURES FOR EASY CONTROL

Stay connected with the Blueair app, which lets you monitor air quality, set schedules, and use geofencing for personalized performance. The app also provides RealTrack technology for precise filter tracking. Compatible with voice assistants for hands-free control.

USER-FRIENDLY DESIGN

Easily monitor air quality with the 5-color indicator, and adjust settings using the simple two-button interface. Includes auto mode, night mode, brightness control, and a child lock for added convenience.

ENERGY-EFFICIENT PERFORMANCE

Save energy with a design that uses less power than a lightbulb, consuming just 32W on high fan speed. This makes the Blue Max series eco-friendly and cost-effective for continuous use.
