HOVERAir

HOVERAir X1 PRO Ultimate Cycling Kit

255656

The HOVERAir X1 Combo is designed to make aerial content creation effortless, combining smart automation, high-quality recording, and a compact, travel-ready design.
Highlights:
Intelligent flight modes – Hover, Follow, Orbit, and Bird's Eye for cinematic hands-free shots.
Stunning video quality – Record in sharp 2.7K or vibrant 1080P HDR with triple stabilization for smooth footage.
Creative flexibility – Live previews and manual control via the Hover X1 App.
Easy sharing – Instant downloads and one-tap posting to social platforms.
Travel-friendly & safe – 32GB built-in storage, lightweight design, and enclosed safety guards for flying anywhere.

PRODUCT DETAILS

4K Flying Camera for Cinematic Action:
The HOVERAir X1 Pro captures your adventures in lifelike clarity with **4K@60fps horizontal** or **2.7K@60fps vertical video**. From mountain peaks to ocean waves, every frame is crisp and immersive.

Totally Hands-Free Filming:
Launch the X1 Pro effortlessly from your hand with a tap or voice command—no controller or phone needed. Choose from over 10 automated flight modes including Hover, Zoom Out, Follow, and Dolly Track, and let the flying camera do the filming while you focus on the action.

Adventure-Ready with OmniTerrain:
Designed for every environment, the X1 Pro flies confidently over snow, water, cliffs, and more. Its upgraded aerodynamic design minimizes drag and enables top speeds of **60 km/h** and follow speeds up to **42 km/h**. Enhanced tracking algorithms keep you in frame even during fast-paced cycling, skiing, or outdoor adventures.

SmoothCapture 2.0 for Ultra-Stable Shots:
Equipped with a **2-axis gimbal**, **EIS (electronic image stabilization)**, and **horizon leveling**, the X1 Pro keeps your footage smooth and steady—even in motion.

Smart Collision Protection:
Equipped with a rear **ToF (Time of Flight) proximity sensor**, the X1 Pro actively detects obstacles and brakes automatically at speeds up to **1.5 m/s**. Fly with greater confidence in complex outdoor or indoor spaces.

Portable, Durable & Ready to Go:
Compact and foldable, the X1 Pro fits easily in your bag. Its fully enclosed design with **aerospace-grade HEM propeller guards** delivers superior durability, elasticity, and safety—lighter than carbon fiber yet stronger for everyday use.

App Control & Massive Storage:
Control advanced modes, view live previews, and share instantly through the Hover X1 App. With **32GB of built-in storage** and support for up to **1TB SD cards**, the X1 Pro gives you the freedom to capture, save, and share without limits.

What's In The Box:

- HOVERAir X1 Pro ×1
- Smart Battery ×4
- Charging Hub ×1
- Beacon ×1
- Magnetic Adapter Mount ×1
- HandleBar Mount ×1
- Multi-functional Carry Bag ×1
- Combo Case ×1
- USB-C Cable ×1
- Storage Bag ×1
