OOONO

Ooono CO-DRIVER NO2 PLUS TrafficSafety Device

256163

Drive smarter with the CO-DRIVER NO2 PLUS, a screen-free alert system that keeps your eyes on the road while warning you of hazards and speed limits. With its new rechargeable design and full smartphone integration, it's the most effortless way to stay protected across 80+ countries.

PRODUCT DETAILS

Even smarter traffic information for safer driving.
The OOONO CO-DRIVER NO2 PLUS builds on the success of the NO1 – and makes it even better.

It still warns you about speed cameras and road hazards, but adds a lot more: a rechargeable battery, Apple CarPlay & Android Auto compatibility, built-in navigation – and of course, still no subscription.

- Warns you about speed cameras and road hazards
- Rechargeable battery
- Apple CarPlay & Android Auto compatible
- Navigation
- Speed limit warnings
- No subscription

Know what the road brings
Speed camera, accident, or roadworks – you'll always be warned in time and travel more relaxed.

Always on limit
With speed limit warnings, you'll know instantly when you're going too fast. You can set the tolerance yourself.

Safer driving through timely warnings
A quick alert is often enough to keep you sharp and safe. That's exactly what the CO-DRIVER NO2 PLUS is built for.

Focus without distraction
No distracting screens – just a simple, clear system that gives you the info you need without taking your eyes off the road. You can report speed cameras and hazards with tapping the device – it's that easy.

Join a strong community
With the CO-DRIVER NO2 PLUS, you’re part of one of Europe’s largest traffic communities. Over 4 million drivers share reports on speed cameras, accidents, and more. Combined with strong partner data, you’re covered everywhere – even abroad, in 80+ countries.

MOUNT NO2
Additionally, the product comes with a MOUNT NO2 for easy attachment in your car.

Box Contents
